

GUIDELINES: WPD 2012

Population Stabilisation Fortnight (Services Delivery Fortnight): 11th – 24th July

The activities in the fortnight are suggested as follows:

The state should ensure that every district has **one district level hospital** and the **blocks have one** sub divisional hospital / area hospital / **FRU/ CHC / BPHC** having an OT facility **designated specifically for the FP services:**

1. Teams should be dedicated for the above designated centres for the whole fortnight
2. If the blocks do not have enough surgeons or providers in place they should arrange from the contiguous districts or other state level hospitals
3. If enough surgeons/MOs are not available in the state, then two or more blocks could be pooled together, but the efforts should be made that the cumulative targets for the blocks may be achieved in the fortnight
4. Even private providers can be contracted for the whole fortnight to provide services at the district/ block level hospitals at the rate of Rs 100 per case as per the compensation scheme of the GOI
5. The numbers suggested are tentative and teams should strive to attain more in case of more capacity and case load
6. Possibility may also be explored for setting up of Post-partum clinics by *Janani*, PSI, HLPPT, in some districts either in their own clinics / franchisee clinics or at government facilities, whichever is convenient in the fortnight
7. Two best performing districts and four blocks and best performing personnel may be felicitated at the state level

Estimated case load per facility:
